Description

The portfolio seek to obtain growth over stability of principal. As such, the portfolio will experience fluctuation in market value with meaningful exposure to investments focused on growth. The portfolio will invest in both liquid (e.g. mutual funds & exchange-traded funds) and illiquid (e.g. hedge funds & private capital) assets.

About Performance

The investment results depicted herein represent historical Net performance after the deduction of investment management costs. Annual, cumulative and annualized total returns are calculated assuming reinvestment of dividends and income plus capital appreciation. Performance for periods greater than one year is annualized. The performance data presented has been prepared by the fund or its sponsor.

Past performance is not a guarantee of future results.
